Kay is an amazing storyteller. A real life bard. It was a wonderful experience working with her on the WIGI's first D&D stream. I highly recommend Kay for any of your DM needs

As Seen On

Cruise of the Gods - Team Liquid Pridefest Charity Stream

Benefitting The Trevor Project, this stream had just under half a million views and was featured on the front page of Twitch. I stepped into the role of Roxie, a half Orc Paladin of the Flying Spaghetti Monster alongside DM Gabe Hicks, Critical Bard, Carlos Cisco, Ehloanna, Kendryx, and Mermaidroyal.

The Godplane - Gaming Trend

Four antiheroes are summoned to try and stop a literal Nightmare in my original 5e horror campaign. Featuring DeAngelo Murillo, Jenn Mac, Sophie Mintz, and Cassandra, with pillars of character growth, redemption, and mental health and wellbeing.

Skyhold Tower - Women in Gaming International

I got to lead this wholesome adventure of exploration and mystery in this roleplay-heavy one-shot for WIGI's first ever D&D stream.

Biography

I'm an expressive storyteller who embraces the unexpected.

Respect each other, share the spotlight, and whenever possible, lean into the chaos; these are my pillars as a player and a DM. I'm trained in improv and love the empathy D&D can teach us.

Specialties:

- **Gaming for Good** - The best stories entertain while offering new insights and perspectives.
- **Adventure and Role Play** - I'm all about quirky characters and finding unexpected solutions.
- **Genres Galore** - I run and play in horror games, wholesome games, and everything in between.
