Biography

An expressive storyteller who embraces the unexpected.

Kay exploded onto TTRPG streaming scene during COVID lockdown and has been charming audiences and befuddling game masters ever since.

As a player, she specializes in quirky, unforgettable characters full of clip-worthy moments and one-liners. A team player, note taker, and theory crafter, she keeps the story moving.

As a game master, Kay runs safe, welcoming tables where she spins heartfelt, character-focused narratives with an emphasis on respect, creativity, empathy, and, inevitably, a healthy dose of chaos.
